

WHAT'S THE SCHOLARSHIP AND HOW TO APPLY FOR IT 2025/2026 A.Y.

The current presentation DOES NOT replace, in any way, the official call for application; it only aims to help you better understand the application procedure.

APPLICATION TO PARTICIPATE IN THE COMPETITION IS
TO BE SUBMITTED **ONLY ONLINE** (**WWW.EDISU.PV.IT**), IN
THE “ONLINE STUDENT SERVICES” SECTION

The scholarships to be awarded for the 2025/2026 academic year are financed by the European Union - Next Generation EU (PNRR), the Ministry of University and Research (MUR) and the Lombardy Region and other public or private bodies.

Prior enrollment at the Pavia University is **NOT** a mandatory requirement for the application although enrolment procedures must be completed within the deadlines indicated in art. 4 (except for students enrolled in the “filter semester”).

CONFIRMATION of the online application must be made by no later
than **Monday, September 15, 2025, at 12 pm**

GENERAL COMPETITION REQUIREMENTS

Be duly enrolled at the University of Pavia for the 2025/2026 academic year to the date of **14 of November 2025**.

- ✓ Enrolment, *for the first time*, in the first year of a bachelor's degree, master's degree or a single cycle master's degree programme (Students enrolled in the 1st year of a master's degree, if they have not already obtained a bachelor's degree, can be registered as "enrolled under condition" but they have to complete enrolment procedures in compliance with the terms and conditions prescribed).
- ✓ Enrolment *in the "filter semester"* of Medicine and Surgery course or Dentistry and Dental Prosthodontics course having chosen the University of Pavia as first location to continue the course of study.
- ✓ Enrolment *in an extra year* (i.e., one year beyond the course's prescribed length) of a bachelor's degree, master's degree or a single cycle master's degree programme (1° year «fuori corso»);
- ✓ Enrolment in a *specialization course* (with the exception of those pertaining to the field of medicine as defined by Legislative Decree 368/99);
- ✓ Enrolment in a *PhD programme* (if not already a recipient of a scholarship)

The competition is also open to *students with disabilities* – students with recognized disabilities (as defined by the law n. 104/1993, or whose level of disability is 66% or higher) who are enrolled for a further 2 years beyond the regular duration of their course of any bachelor's degree, master's degree or a single cycle master's degree programme.

Meet the merit-based requirements, including *steadiness in academic progress*, and the *income-based requirements* listed later.

WHO'S NOT CONSIDERED ELIGIBLE?

- ✘ Students who *hold a degree of the same level as, or superior to*, the one for which the scholarship is being requested for the 2025/2026 academic year;

Example: In 2023/2024 I achieved a Bachelor Degree in Philosophy, in 2025/2026 I decide to enrol in another Bachelor Degree course, for example Economics -> in this case I cannot be eligible for the college placement since I already hold a degree of the same level.

- ✘ The *recipient*, in the same academic year, *of a scholarship* awarded by another **public or private institution**;
- ✘ Those who enrol at the University of Pavia after having, in previous years, withdrawn (at the University of Pavia or another Italian/foreign university) from a course that requested the same admission qualifications as the course in which they intend to enrol in 2025/2026 a.y.

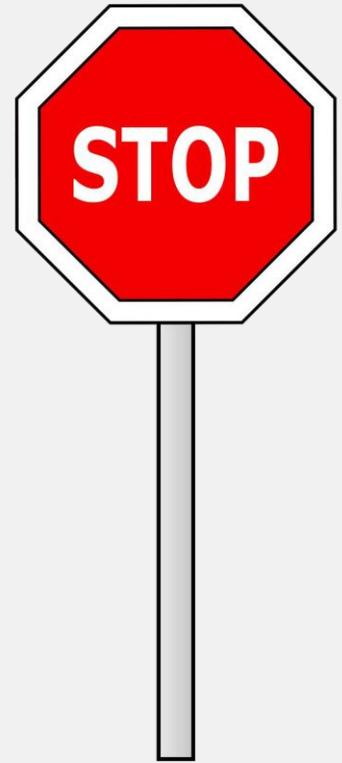

Example: is excluded the student who in the 2025/2026 a.y. enrol in the 1° year of a bachelor's degree or single-cycle master's degree course but, in previous years, has withdrawn from a bachelor's degree or master's degree course at any university.

- ✘ Those who are enrolled and *repeating an intermediate year* of their course;

Example: is excluded the student enrolled in the 2° year, as repeating student, of the Medicine and Surgery course.

- ✘ Those who are *transferring to a different degree course or from another university* and have to repeat the same year of the course in which they were previously enrolled (at Pavia University or another University);

BUT THERE'S AN EXCEPTION

Is eligible the student who has repeated a year of course, even after renewing the enrolment following formal withdrawal from a course, but *has anyway completed the number of CFU required* to access the ranking list according to *attachment A* (CFU recognized for the course of study in which the student intends to enrol for the a.y. 2025-2026).

The calculation of the minimum number of CFU, required for eligibility, is calculated starting from *the year of absolute enrolment*.

This waiver **DOES NOT APPLY** to students enrolled in the *1st year of any degree course* or to those enrolled in any year of a PhD programme or specialisation course.

EX: in 2023/2024 the student attends the 1° year of a three-year bachelor's course in Biological Sciences. In 2024/2025, after withdrawing from the Biological Sciences course, he enrolls in the 1° year of the Geological Sciences course. If this student requests, in 2025/2026, the scholarship as a student intending to enroll in the 2° year of Geological Sciences bachelor's degree, he will be eligible for the assignment of the benefit only if he has completed the number of CFU required for students who are enrolling in the 3° year of Geological Sciences, by August 10, 2025.

WHAT'S THE YEAR OF **ABSOLUTE ENROLMENT**?

The phrase "**absolute enrolment**" refers to any previous enrolment in any Bachelor or Single Cycle Master Degree Course course (even one different from the one attended in the current academic year) at any Italian or Foreign University, that has required the same qualifications as those required for enrolment in the course attended in the current academic year in Pavia, regardless of the results of previous study (withdrawal from the course, university transfer, graduation, etc.) *and the number of years that have elapsed since.*

Example: in 2024/2025 the student attends the first year of a bachelor's course at Milan University. In 2025/2026, after withdrawing from Milan, the student enrolls in the regular first year of a bachelor's course at Pavia University. If this student requests, in 2025/2026, EDiSU benefits he needs to indicate as **ABSOLUTE ENROLLMENT** the a.y. *2024/2025*.

Example: in 2023/2024 the student starts the first year of a bachelor's course a Foreign University. In 2025/2026, after withdrawing from the foreign university, the student enrolls in the regular first year of Medicine course at Pavia University. If this student requests, in 2025/2026, EDiSU benefits he needs to indicate as **ABSOLUTE ENROLLMENT** the a.y. *2023/2024*.

STUDENT BENEFICIARY OF THE SCHOLARSHIP

- You are entitled to collect the entire benefit (full-service fee, full monetary fee, exemption of all university fees).

STUDENT ELIGIBLE BUT NOT BENEFICIARY

- You are entitled to n.1 free meal per day and to the exemption from the payment of all university fees.

MERIT-BASED REQUIREMENTS FOR STUDENTS WITH DISABILITIES

In the case of **students with disabilities** - students with a recognized disability as defined by the law n. 104 or whose level of disability is 66% or higher (to be documented by means of a specific certificate, to be attached as in the reserved area “On-line Student Services”/Upload Documents) the merit-based requirements can be defined individually and **may differ by up to 40% from the standard requirements listed in Attachment A and B** of the present Call for Applications.

N.B.

It is responsibility of the candidate to check in his Student Booklet (*Libretto dello Studente*) **that all exams passed** (as included in the student’s most recently approved study plan) are correctly registered. **It is also responsibility of the candidate**, and is in his own interests, **to notify EDiSU** when the provisional ranking list is issued (**by submitting a “review request”**), **of any unrecorded marks** or any cases of marks which are “pending approval” by Pavia University.

Students enrolled in further years (not first-year students) of a bachelor's degree, master's degree or a single cycle master's degree course can avail themselves of a *bonus* ("crediti bonus") which can be used to make up the difference between the minimum CFU required to enter the competition and the actual number of completed CFU.

5 CFU
bonus

if requested for the first time **in the second year** of the academic programme (ex: 2° year of a Bachelor Degree or Master's single cycle degree course)

12 crediti
bonus

if requested for the first time **in the third year** of the academic programme (ex: 3° year of a Bachelor Degree or Master's single cycle degree course)

15 crediti
bonus

if requested for the first time in **the years subsequent to the third year** of the academic programme (ex: 2° year Master degree*, from 4° year of a Master's single cycle degree, 1° year over time of BA, Master or Master's single cycle degree)

Example

A student, enrolled in the 2023/2024 a.y. for the 1° time in a Master's single cycle degree course, in the 2025/2026 a.y. applies for a college placement as student enrolling in the 3° year.

He has only 75 CFU and decides, **for the first time in his university career**, to use the bonus points to achieve the minimum CFU required which are 80.

His bonus credits are 12. In the 2025/2026 a.y. the student will use only 5 of his bonus CFU. The 7 remaining bonus CFU can be used in subsequent years (**"the bonus package" has been «opened» in the year in which contains 12 CFU**; they can all be used in one academic year or, if just some of them have been used, the remaining ones can be used in subsequent years. **The number of bonus points that the student can use** during his entire academic career will correspond to the **number of bonus points contained in the package when was first opened**.. That's because, once the package is opened, it cannot accumulate additional bonus points).

N.B.

→ The request of possible «use» of the bonus package must be done during the online application (there's a paragraph asking if you want to use the bonus points and you must tick yes)

→ If you reach the required CFU by yourself then the bonus point will not be used, even if you've previously ticked yes in the online application

→ "Bonus credits" accrued and not used in the bachelor's degree course may be used if the student enrolls in a master's degree course.

→ "Bonus credits" which are not used in the academic year in which the student first requests their use may be used in subsequent years.

* Students enrolled in a master's degree course and holding a bachelor's **degree NOT obtained in Italy**, begin to earn bonus points only from their first enrolment in a master's degree course in Italy.

Bonus points **cannot be used** by **first year students** to meet the merit requirements.

INCOME-BASED REQUIREMENTS

 **ISEE UNI 2025 \leq € 26.516,70**

an equivalent financial situation indicator issued for assessing access to services and benefits made available to support the right to higher education (ISEE UNI)

 **ISPE UNI 2025 \leq € 57.645,03**

an equivalent asset situation indicator (ISPE = ISP of the family unit \div equivalence scale coefficient)

Both must be fulfilled: if even one of these indicators exceeds, applicants do not meet the income-based requirements!

STUDENTS WITH INCOME AND ASSETS IN ITALY

These values are indicated in the **ISEE UNI 2025** statement that is issued by the INPS within 7-10 business days following submission of the **DSU (Dichiarazione Sostitutiva Unica)**

Italian or foreign students residing in Italy, with income and assets in Italy, must apply directly to **INPS or through a CAF**

Deadline to apply to INPS:

September 15, 2025

EDiSU **WILL NOT CONSIDER VALID** any indicators referring to the **ordinary ISEE** or statements that contain **notes referring to missing data or any discrepancies** detected by INPS.

Failure to submit the request to INPS for the issuance of the ISEE 2025 Certificate by September 15, 2025, *leads to the exclusion* of the student from the [scholarship ranking list](#)

STUDENTS WITH INCOME AND ASSETS IN ITALY

EDiSU, as authorized by the applicant when completing the online application, will retrieve from the **ISEE database of INPS**, the latest **ISEE UNI 2025 Certificate** issued in the name of the student requesting the benefit (research carried out based on the Tax Code of the student) and requested **no later than September 15, 2025.**

In some situations, in the presence of adverse events (for example, the loss of a job, the interruption of social security payment, welfare and indemnity treatment) or a significant variation in the income of the household, this income may not reflect the real economic situation of the family unit. The possibility to submit a **CURRENT ISEE by and no later than September 15, 2025** is therefore given.

The *CURRENT ISEE* is calculated on the income of the last twelve months and is valid for six months from the moment of presentation.

The student must NOT upload the ISEE 2025 certification in the "Upload documents" section of the reserved area ("Online Student Services"). While completing the online application, the student only has to authorize EDiSU Pavia to access the INPS database in order to collect his ISEE 2025 certification.

The data on income and assets used for the DSU and the 2025 ISEE UNI statement refer to the two previous calendar years (therefore 2023 for the ISEE UNI 2025 Statement).

The student, within his User Profile "On-line student services" on the EDiSU Pavia website, will be able to view in real time the ISEE 2025 Certificate considered for the requested benefit.

Students with non-compliant ISEE indicators will be considered **NOT ELIGIBLE "for income"** in the provisional ranking list unless they request (within the deadline established for the appeal) the issuance of a new ISEE 2025 Attestation for the right to university study that is in compliance with the regulations.

THE STUDENT'S FAMILY UNIT

IF THE STUDENT RESIDES WITH THE FAMILY

The family unit of the student attending university whilst residing with his/her parents, is the one made up of those members registered in the civil registry, as shown on the Family Status certificate.

If the student does not live with his/her parents but is not “independent”, he/she must be considered a member of his/her parents’ family unit.

INDEPENDENT STUDENT

- ✓ **Requirement 1:** The student **has been domiciled**, as registered in the civil registry, away from the parental household for a period of at least two years prior to the date of submission of the application and has been residing in accommodation which is not owned by a member of his original family unit;
- ✓ **Requirement 2:** The student has personal income deriving from employment or similar, provided that the student is not employed by a family member, and that income has been declared to the tax office for **at least the past two years** and amounts to AT LEAST € 9,000.00 per annum*.

FAMILY UNIT OF THE PHD STUDENT

- ❖ Is composed by the applicant himself/herself, his/her spouse, minor and adult children, if dependent and even if not cohabiting (“restricted nucleus”, with no other persons cohabiting)
- Or, if more favourable,*
- ❖ Is composed by all persons present in the family status on the date of submission of the Dichiarazione Sostitutiva Unica.

*If both conditions are **NOT SATISFIED** and not duly documented for all the years of reference at the time of application to EDiSU, the student **cannot be considered independent** and will **be excluded** from the scholarship ranking list unless he requests, within the deadline for submitting revision requests, the issue of a new ISEE 2025 per il diritto allo studio universitario in which he/she is treated as a member of his/her original family unit.*

*The status of independent student is also applicable to **legally married students** or students in a “**de facto state of cohabitation**” registered at the Municipality of residence. In this case the minimum income of € 9,000.00 refers to the total income, **including that of the spouse/de facto cohabitant**.

INCOME-BASED REQUIREMENTS

STUDENTS WITH INCOME AND ASSETS OVERSEAS

The financial status of foreign students whose family unit resides abroad or of Italian students residing abroad is determined by the Equivalent Economic Situation Indicator abroad statement (**ISEE parificato**) calculated as:

The abovementioned documents **must be** issued by competent Authorities in the country in which the income was made and in which any buildings and financial assets are owned, **LEGALISED** by the Italian Diplomatic Authorities acting in that country, together with an **ITALIAN TRANSLATION CERTIFIED** by the same Authorities. For countries that are members of the *Hague Convention*, authentication can be performed by using an **APOSTILLE**.

The result of this sum is **DIVIDED BY THE EQUIVALENCE SCALE COEFFICIENT** determined by the number of members of the family unit of reference.

NB: Photocopied documents will **NOT** be accepted/evaluated.

So, if your family has income and assets abroad, you must submit to EDiSU original hard copy documents* stating:

for each adult member of the family unit

*This applies even if you don't live in the same household as your parents residing abroad, but you can't be considered "independent" yet.

STUDENTS WITH INCOME AND ASSETS OVERSEAS

For those countries where it is particularly difficult to have documents certified by a local Italian Embassy, *as an alternative* an **original certification of income and assets** owned can be submitted, in the Italian language, by the diplomatic or consular representation in Italy of the foreign country. The certification issued by the diplomatic or consular representation in Italy must be **LEGALISED BY A PREFECTURE** and must expressly refer to the documents originally issued in the country of origin.

For foreign students coming from particularly **POOR COUNTRIES** the evaluation of their financial status is based on a *statement issued by an Italian consular agent* in the country of origin, or by *Diplomatic Authorities* of the country of origin in Italy, certifying that the student does not belong to a family with known high income and social status.

Students holding the *status of stateless person or political refugee* or holders of subsidiary or *special protection* are treated as Italian citizens and, for the purpose of evaluating their financial condition, are exempt from submitting statements issued by Embassies and Consulates, because the only elements that will be considered are any income and assets possessed in Italy, which must be certified in the same manner as for Italian students (ISEE UNI statement). The stateless person/political refugee/holder of subsidiary or special protection status must be substantiated by evidence provided by applicants through official documents, in date and valid. These documents must be attached (uploaded) in electronic document format to the online application and later handed in at the EDiSU help desk.

NB. For the submission of foreign documents it is only possible to access the EDiSU counters by **APPOINTMENT** (by opening a new "ticket" in your personal area of EDiSU)

In the event that the original foreign documentation, submitted by September 15, 2025, prove to be *incomplete/incorrect*, the student shall be excluded from the provisional ranking. Applicants may, however and within 10 days from the publication of the provisional ranking list, *apply to revise their application* and to present additional original certifications, in addition to the previous documentation, to replace incomplete/missing documents.

STUDENTS WITH INCOME AND ASSETS OVERSEAS

Any income made abroad and declared by foreign students **must amount to NO LESS than € 7.002,97** (the annual social allowance amount) which is the established minimum amount required for supporting oneself.

In **NO CASE** whatsoever will any form of self-certification, substitute statement, affidavit or sworn declaration referring to income and/or assets abroad **be accepted**. If any of these types of documents are submitted, they will **NOT BE TAKEN INTO CONSIDERATION**.

→ Foreign students **residing with their families in Italy**, *with no income or assets abroad*, are only required to submit the ISEE UNI 2025 certificate.

→ Foreign students whose immediate **family unit is wholly or partly abroad** and who also have income and/or assets in Italy (even if they only have a bank account in Italy) are also required to present, in addition to the original foreign documentation, **the ISEE UNI 2025** and are obliged to declare any income and assets held in Italy through an ISEE UNI statement.

→ If the student does not live in the same household as their parents residing abroad but is not “independent”, he will be considered as a member of their parents' household and must therefore present foreign documentation related to their household.

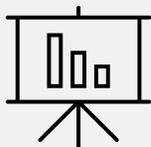

Application is to **BE SUBMITTED ONLINE ONLY**. CONFIRMATION of the online application must be made no later than September 15, at 12 pm.

After confirming the online application, foreign students whose family unit resides abroad and Italian students residing abroad, **MUST UPLOAD** in electronic file format copies of all the documents required (section “Upload documents” - “foreign documentation” in the “Student online services” area of EDiSU website).

ORIGINAL HARD COPIES of the same documents must be submitted to EDiSU by and not later than *September 15, at 12 pm* either **in person** to the office counter (Via Calatafimi, 11) or sent by **postal service** (Via San't Ennodio, 26, 27100 Pavia). Failure to submit these documents to EDiSU within September 15 (in original hard copy), *leads to the exclusion* of the student from the **scholarship ranking list**.

PROCEDURE BY WHICH RANKING LISTS ARE FORMED

STUDENTS ENROLLED IN THE FIRST YEAR

is based on the **ISEE UNI 2025 statement** referring to the student's family unit scaled to the ISEE limit of € 26.516,70

Maximum of 1000 points

STUDENTS ENROLLED IN SUBSEQUENT YEARS

Positioning in the ranking list depends on the total score resulting from the sum of

the score based on the **number of credits** achieved by August 10th, 2025, (maximum 600 points)

the score determined by the **average mark (weighted average)** of the student's exams passed (maximum 400 points)

Maximum of 1000 points

It is responsibility of the student: A) to ascertain that his Booklet contains **records of every exam the student has passed** (those included in the most recently approved study plan) B) to notify EDisU, when the provisional ranking list is issued, if there are **any missing records** or cases of "pending approval".

Non 1°-year students: Positioning within the ranking list depends on the score attributed to the applicant, shown from the highest to the lowest. Scores being equal, the student who has not made use of his bonus will rank higher and, following, the student with the higher income score. In case there still exists a tie, the student enrolled in the more advanced year of his course will rank higher and, thereafter, the youngest student will be given preference.

1° year students: Positioning within the ranking list depends on the score attributed to the applicant, shown from the highest to the lowest. Scores being equal, it precedes the student enrolled in a higher-level course. Should scores be again equal, the student with the higher mark on his previous qualifications will rank higher and, thereafter, the youngest student will be given preference.

Students with disabilities, if included in a ranking list of eligible applicants, have the right to receive a scholarship even if this means exceeding the total number of available scholarships indicated in the present Call for Applications.

RANKING LISTS PUBLICATION

The **PROVISIONAL RANKING LIST** will be made public by **OCTOBER 27, 2025**, and will be posted on the “Online Student Services” area.

Students who, in the provisional ranking, were excluded as the result of a **non-compliant ISEE 2025**, **don't need to submit a request for review** but must request **no later than 10 days** from the publication of the provisional rankings, the release of a **new ISEE 2025 certification** for the right to university study, compliant to the regulations.

The student required to submit “**foreign documentation**” may improve/supplement, by and no later than **the given deadline (10 days)** the “foreign documentation” already submitted in original to EDiSU and declared incomplete.

The **outcome of the review** will be announced to the student directly in the “Online Student Services area / Ranking results” section and, **if accepted**, will produce effects in the final ranking.

The right to benefit from the scholarship ceases when the student achieves the degree BEFORE the final ranking list is approved

N.B. The **DEFINITIVE RANKING LIST** will be made public by **DECEMBER 4, 2025**

The definitive rankings will list the beneficiary and the eligible, non-beneficiary, students for the 2025/2026 a.y. and the final **geographical condition** of each student is defined (**on-site/commuter/off-site**).
