

Guide to EDiSU Pavia 2026-2027 benefits

Like every year, EDiSU offers deserving students the opportunity to receive subsidies such as a monetary contribution, accommodation and discounted price for meals in affiliated or directly managed university canteens. Of particular interest to students are the Calls issued by EDiSU, which outline the methods and conditions for applying for a scholarship, accommodation in one of the EDiSU colleges (located in Pavia and Cremona), the contribution for rental costs or any special grant. Students who do not meet the income criteria can also apply for college accommodation and discounts at affiliated canteens. Below are links to the EDiSU Pavia website pages where you can find the announcements and related attachments:

- **Scholarships:** <https://www.edisu.pv.it/en/services/call-for-ordinary-scholarship/>
- **Colleges:** <https://www.edisu.pv.it/en/services/call-for-college-placements/>
- **Extraordinary contributions:** <https://www.edisu.pv.it/en/services/extraordinary-contributions/>

Submission of requests

As indicated in the notices, requests must be made online by connecting to the [EDiSU website](#) where you can find the section entitled [student's online services](#). The student will then be directed to the login page: those already enrolled at the University of Pavia can log in with their university credentials, while those who are not yet enrolled can register with EDiSU credentials or use SPID **[NB: It is not necessary to be enrolled at the University to access the reserved area]**.

Once logged in, you'll be presented with an interactive panel where you can make requests, upload documents, and enter your financial information.

Over the next few months, the available panels will be expanded with ranking results, a QR code generation service for the canteen, and other specific services.

To proceed with the application, click on **Student Benefits Application Form**, a series of blank fields will then appear, requiring you to fill in your personal details, your university education, and any disability you may have.

You will then be able to fill out the application, with the specific of the benefits you'd like to request along with your economic situation.

We remind those who will apply for a place in a Merit College (Cairolì or Volta), that you need to fill out [the questionnaire](#) that you will find as an attachment when filling out the application, which must be uploaded in the "upload documents" section of your reserved area.

As for the **DEADLINES** for the Calls for Scholarship and Accommodation in Colleges, EDiSU has created a summary table which you can find at [this link](#).

In particular, for the Scholarship the deadline is 15 September 2026 and for the accommodation is August 4, 2026, the deadline for obtaining credits for subsequent years remains August 10, 2026.

DEADLINES

- the application only for accommodation must be completed by August 4, 2026
- the application only for scholarship by 15 September 2026
- the application for both accommodation and scholarship must be completed by August 4, 2026

However, this does not imply the need to be enrolled at the University of Pavia at the time of application.

Registration must still be done by October 31, 2026, for those who apply for college and scholarship, and by November 16, 2026, for those who only require the scholarship.

Sportello Studente

 **Login with SPID**

 **Login with UniPV**
Login with your UniPV credentials (only if your enrollment has been confirmed)

 **Login with EDISU**
Login with your EDISU credentials
