

**CALL FOR APPLICATIONS
FOR THE ASSIGNMENT OF SPECIAL SUBSIDIES
FOR THE 2024/2025 ACADEMIC YEAR
(BoD RESOLUTION N. 9 of 30/01/2025)**

In compliance with provisions of Lombardy Region Law no. 33/2004, the competition for the assignment of special subsidies to the students enrolled at the University of Pavia for the 2024/2025 academic year is hereby announced.

The competition for the 2024/2025 academic year is open to all the students enrolled at the University of Pavia on March 31st 2025, until their 2nd year “overtime” (i.e. two years beyond their prescribed final year) who:

1. have had serious financial and/or family issues (i.e. their financial/family status has changed due to a parent being fired or laid off, a serious health issue, separation or divorce of parents, death of parents, and more) duly certified;
2. no longer meet the merit-based requirements on which the awarding of the scholarship depends, due to duly certified health or family issues;
3. have suffered from illnesses that have prevented the student from regularly attending his/her course;
4. find themselves in other situations of disadvantage not mentioned in the previous points.

The situations mentioned at points 1-2-4 must not have occurred more than one year prior to submission of the application and must not be of a chronic nature.

The Special Subsidy 2024/2025 benefit can't be combined with EDiSU scholarship disbursed for the same academic year.

The competition's application form must be submitted only online by **following a specific online “SPECIAL SUBSIDY” procedure** (“*Richiesta Sovvenzione Straordinaria*”) available from February 2025 in the “Online Student Services” area on the EDiSU website (www.edisu.pv.it). The application must be submitted **by and no later than March 31st, 2025** to EDiSU Pavia following instructions given on the website.

The applications received through other channels and after the deadline will not be considered.

In the application form, besides the information referring to enrolment, academic merit, and the income/assets status of the student, **it is mandatory to include a letter of motivation** explaining the student's reasons for requesting a special subsidy, **attaching some documents showing evidence of said reasons.**

The applications submitted, the motivations provided, along with academic merit and income status of the students will be evaluated by a specific Committee appointed by the EDiSU Board of Directors. The enrollment at the University of Pavia for the a.y. 2024/2025 must be verified until the conclusion of the procedure for assigning the benefit.

The Commission may exclude participants from the competition for generic/deficient motivation and/or in the absence of supporting documentation (to be uploaded in the "Carica Documenti Sovvenzioni Straordinarie" section in the "Online Student Services" area).

For those deemed worthy of receiving a special subsidy, the Committee will define the amounts to be allocated considering the conditions of the students and the budget appropriations.

For students enrolled in the first year of all courses, the Committee may reserve the right to define eligibility and any amount to be allocated, but to link the actual disbursement of the special subsidy to the achievement of the minimum merit-based requirements.

Students who, in the 2024/2025 academic year, have already applied for EDiSU financial aid or services no longer must provide the information already submitted, but only those expressly required for the special subsidy. Even the financial data previously submitted to EDiSU (ISEE UNI 2024, foreign documents for the calculation of the ISEE equivalent 2024) and considered valid for the purpose of requesting other benefits (scholarship, placement in a residence hall, access to canteens at special rates) will be used when deciding upon the assignment of special subsidies 2024/2025.

Students who, in the 2024/2025 academic year, have not yet applied for EDiSU benefits or services, providing evidence of their financial status (income/assets), are held to provide such evidence in accordance with the “Call for Scholarship Applications 2024/2025”, specifically in art. 4.2, “Income-based requirements”, but temporally updated. Failure to submit this documentation will result in an exclusion from the competition.

In particular:

- The students who are required to submit an ISEE UNI statement, must provide, only online, the data from the protocol of the ISEE 2025 certificate valid for the Right to Higher Education and without annotations from INPS.
- The students who are required to submit “Foreign Documents” (Call for Scholarship Applications 2024/2025, Art. 4.2.2) to provide evidence of their family composition, 2024 income and assets owned by 31/12/2024 must submit these documents in original copy to the counter of the Financial Aid Office (via Calatafimi, 11 – Pavia) by and no later than, March 31st, 2025. The office is open to the public: Monday, Wednesday, Friday 9.30 a.m. - 12 a.m. and Tuesday, Thursday 2 p.m. - 3 p.m. Foreign Documents can be sent (only in original copy) by the same date to: EDISU Pavia - via Sant’Ennodio 26, 27100 Pavia, Italy. Failure to submit the original complete documentation makes it impossible to check the student's economic condition.
- The student that qualifies himself/herself as “independent” (lives alone, can economically support himself/herself) must necessarily have the requirements indicated in the "Call for Scholarship applications 2024/2025", art. 4.2.1 (except for orphans or particular situations to be motivated and proved).

The person in charge of procedures, in compliance with art. 4 of Legislative Decree 241/90, is Dr. Lucia Nora, Manager of the Financial Aid Office.

Pavia, January 30th

THE PRESIDENT
Prof. Francesco Rigano
