2. GENERAL COMPETITION REQUIREMENTS

The competition is open to Italian students, EU students, and foreign students as defined by Presidential Decree no. 394 dated August 31st, 1999, an implementation decree of Legislative Decree no. 286 dated July 25th, 1998.

To take part in the competition, students must declare their intention to apply to the University of Pavia or to the *Istituto di Alta Formazione Artistica e Musical “Franco Vittadini”* of Pavia for the 2022/2023 academic year:

1. for first-time enrolment in the first year of a Bachelor’s degree (*laurea*), Master’s degree (*laurea magistrale*) or a combined Bachelor + Master’s single cycle degree (*laurea magistrale a ciclo unico*) programme;
2. for enrolment in an extra year (i.e. one year beyond the course’s prescribed length) of a Bachelor’s degree, Master’s degree or a combined BA + MA single cycle degree course;

EDiSU
ENTE PER IL DIRITTO ALLO STUDIO UNIVERSITARIO
PAVIA

3. for enrolment in a specialisation course (with the exception of courses pertaining to the field of medicine, as defined by Legislative Decree 368/99 - see article 13 below);
4. for enrolment in a PhD programme.

The competition is also open to **students with disabilities** – students with recognition of disabilities as defined by the law n. 104 dated February 5th, 1993, art. 3 para 1; whose level of disability is 66% or higher, enrolled in the second year beyond their course’s regular duration (i.e. two years subsequent to the course’s prescribed year of completion) of any Bachelor’s degree, Master’s degree or combined Bachelor + Master’s single cycle degree programme.

Students must not already hold a degree of the same level as, or superior to, the one for which college placement for the 2022/2023 academic year is being requested.

It is NOT needed to be enrolled in advance at the University of Pavia for the academic year 2022/2023 (it must be carried out by November 15th, 2022), to apply for the call for applications.

3. REQUIREMENTS FOR INCLUSION IN THE COLLEGE PLACEMENT RANKING LIST

Students requesting college placement who wish to benefit from financial aid provided by the Right to Higher Education (reduced accommodation fees) must meet the merit-based requirements, including steadiness in academic progress, and the income-based requirements detailed below. These students will be included in a “PRIMARY RANKING LIST” (access at discounted rates: 1° tier, 2° tier, 3° tier).

Students who DO NOT meet income-based requirements prescribed by the present Call for Applications (though fulfilling merit-based requirements/steadiness in academic progress) will be included in a “SUPPLEMENTARY RANKING LIST” (access at full price: 4° tier) defined in article 10 of the present Call for Applications, which may be drawn upon in the event that, after assigning a college placement to all the candidates included in the primary ranking list, who meet both merit-based and income-based requirements, there still remain college placements to be assigned.

Only students aged 18 years old or older and less than 35 years old can access the Edisu Colleges.

3.1 MERIT-BASED REQUIREMENTS

3.1.1 MERIT-BASED REQUIREMENTS FOR FIRST-YEAR STUDENTS

- a) For those enrolled for the first time as first-year students in BA degree or combined BA + MA single cycle degree courses: they must have graduated from **high school with a final exam mark no lower than 70/100¹**;
- b) For those enrolled for the first time as first-year students in MA degree courses, specialisation courses (except for those in the medical field) and PhD programmes: **they must have adequate qualifications allowing for their regular enrolment.**

¹ High school diplomas awarded abroad to foreign citizens will be evaluated applying the mathematical formulas provided by the MIUR by memorandum dated June 4th, 2007.

EDiSU
ENTE PER IL DIRITTO ALLO STUDIO UNIVERSITARIO
PAVIA

3.1.2 MERIT-BASED REQUIREMENTS FOR NON FIRST-YEAR STUDENTS

- a) Students enrolled in the second or subsequent year of a Bachelor's degree, Master's degree or combined Bachelor + Master's degree programme: must fulfil **by August 10th, 2022** any compulsory training required at the time of admission to their course and have earned **the number of credits prescribed** by their most recently approved study plan, as illustrated in **Attachment A** of the present Call for Applications.²
- b) Second and third-year PhD students and students enrolled in the second or subsequent year of specialization courses (with the exception of those pertaining to the medical field): meet the requirement established by the University to be enrolled in the following year.

 EDiSU does not consider valid for the purpose of achieving the number of credits shown in Table A (attached to the present Call for Applications):

- credits earned by passing courses/exams that are supernumerary with regard to the student's "Student Booklet" (Libretto dello Studente).
- credits of single exams consisting in several modules (the exams concluding the individual modules and any resulting mark that isn't officially registered in the student's online "Booklet").

If the course of study, chosen by the student, has a number of credits less than 60, the merit requirements listed in the attachment A are redefined in proportion to the credits actually achievable.

BONUS

Students enrolled in further years (i.e. not first-year students) of BA and combined BA + MA degree courses can avail themselves of a **bonus** which can be acquired only once during the entire course of study to make up the difference between the minimum credits required and those actually earned.

The bonus stands for a number of credits that varies depending on which year of the course the student puts it to use for the first time and cannot be combined. The **bonus** can equal:

- 5 credits** if requested for the first time in the second year of the academic program;
- 12 credits** if requested for the first time in the third year of the academic program;
- 15 credits** if requested for the first time in the years subsequent to the third year of the academic program.

Any portion of the bonus that remains "left over" in the year it has been put to use can be used in the following

² For the purpose of further checks, EDiSU, after having consulted with the University of Pavia, considers valid towards the achievement of the number credits shown in Table A (attached to the present Call for Applications) the results of final exams of internship programmes in the fields of Medicine, Pharmacy, and Psychology, depending on the university's academic system, dating after August 10th 2022, as long as the results of the aforementioned examinations are acquired **by October 31st 2022**. For students enrolled in Medicine and Surgery and Medicine and Surgery in English, EDiSU also considers valid the exam results of the **Physiology, Anatomy, Biochemistry, Living Molecules, and Structure of the Body** and for students enrolled in Nursing and Midwifery Sciences, EDiSU also considers valid the exam results of the Research methodology; courses held after August 10th, 2022, provided that these exam results are acquired **by September 30th, 2022**.

EDiSU

years. Furthermore, a bonus accrued and not used during the entire BA course can be used when the student enrolls in an MA course. The bonus does not apply to the verification of the achievement of merit (CFU accrued during the academic year 2022/2023) for students enrolled in the first year of MA courses.

Example of "bonus" use: A student enrolled for the first time in the academic year 2020/2021 to a course of single-cycle master's degree, in the academic year 2022/2023 requires you to enter college as a student enrolling in the third year. He has only 75 CFU and decides, for the first time in his career university, to request / use the "bonus" to reach the minimum merit established to be 80 CFU. The "bonus" available, if used for the first time to obtain benefits for the third academic year, is 12 credits. In the academic year 2022/2023 the student will use 5 credits. The remaining 7 credits they can be used in subsequent years ("the bonus credit package" was "opened" in the year in which it contains 12 credits; all those available can be used, possibly even more years. However, from the moment you decide to "open the bonus credit package", it is no longer "replaceable"/combinable with others.)

3.1.3 STEADINESS IN ACADEMIC PROGRESS³

In order to be considered eligible for scholarship, there must be no interruption in the student's prior years of study.

Students who in the 2022/2023 academic year fall in one of the following categories **are therefore excluded** from the scholarship candidate ranking list:

1. those enrolling after having previously withdrawn from a course of study;
2. those who are enrolled and are repeating a year of their course;
3. those who are transferring to a different degree course after having repeated a year of the course in which they were previously enrolled;
4. those who are transferring from another university and have to repeat enrolment to a year of their degree course previously completed at the university from which they transferred.

The abovementioned conditions for exclusion do not apply in the following cases:

- 1) when the student who meets the merit-based requirements for college placement as a "subsequent-year student" (i.e. not a first-year student), has had to repeat a year of his/her course after renewing enrolment following formal withdrawal from the course, and the course the student is enrolled in or wants to enrol in for the 2022/2023 academic year is subject to an admission test at national level.

Example: in 2021/2022 a student enrolled in the first year of a BA degree course in Biological Sciences and by August 10th, 2022 has earned 38 CFU/University Credits (the minimum number of credits to access college placement in 2021/2022 as a second-year student in Biological sciences = 35). If in 2022/2023 the student, after renouncing the Biological Sciences course, enrolls in the first year of a BA course in Physical Therapy or in the first year of a combined Bachelor + Master's single cycle degree programme (laurea magistrale a ciclo unico) in Medicine and Surgery (admission to both courses is subject to entrance examinations at national level which are opened to all students who have a high school diploma) the student can be eligible for college placement.

³ LEVEL OF PRE-UNIVERSITY EDUCATION COMPLETED ABROAD

The steadiness in academic progress mentioned at point 3.1.1 is subject to waiver for students enrolled in the first year of a BA degree or a combined BA + MA single cycle degree course and who have been awarded a diploma abroad upon completion of less than 12 years of schooling. These students, in order to apply to a University in the European Union, must necessarily bridge the gap between their completed studies and the required 12 years of schooling by attending, for the necessary number of years, university courses in their country of origin. Hence these years of university enrolment, if they equal the number of years needed to reach 12, ARE NOT taken into consideration when assessing the merit-based requirements mentioned at the previous point.

EDISU
ENTE PER IL DIRITTO ALLO STUDIO UNIVERSITARIO
PAVIA

- 2) when the student has had to repeat a year of his/her course, even after renewing enrolment following formal withdrawal from a course, and in any case has the number of credits necessary to access the ranking list, calculated with reference to the number of credits prescribed for each past year of study, starting from the **very first year of enrolment**, including all the academic years in which the student has had to repeat a year of enrolment to his/her degree course. This waiver does not apply to students enrolled in the first year of any degree course (BA, MA, or BA + MA single cycle course) and those enrolled in any year of a PhD programme or specialisation course.

*The year of **first absolute enrollment** means the first academic year absolute enrollment in any degree course (even other than the one attended in the academic year 2022/2023) with the same admission qualification required by the level of studies for which you are enrolled in the academic year 2022/2023, in any Italian university or abroad, regardless of the outcome of that career (renunciation of studies, transfer, degree, etc.)*

Example: in 2020/2021 a student attended the first year of a BA degree course in Biological Sciences. In 2021/2022, after renouncing the Biological Sciences course, the student enrolled in the regular first year of a BA course in Geological Sciences (admission to students who have a high school diploma). If in 2022/2023 this student requests access to college placement as a regular second- year student in Geological Sciences, he/she will be deemed eligible for placement only if by August 10th, 2022 he/she will have earned the credits required for a third-year BA student. Three years in fact have passed since the student's first enrolment.

3.1.4 MERIT-BASED REQUIREMENTS FOR STUDENTS WITH DISABILITIES

For students with disabilities - students with recognition of disabilities as defined by the law n. 104 dated February 5th, 1993, art. 3 para 1 or whose level of disability is 66% or higher, **merit-based requirements can be defined and may differ up to 40% from the standard requirements listed in Attachment A of the present Call for Applications.** The merit-based requirements will be determined by a special committee, as well as by consulting with the professor appointed by the Dean (*Rettore*) to manage the integration of students with disabilities.

3.2 INCOME-BASED REQUIREMENTS

An evaluation of the student's financial status, in compliance with the Law⁴, is based on the **ISEE UNI Equivalent Financial Situation Indicator issued for assessing access to services and benefits made available to support the right to higher education (ISEE UNI)** and the **Equivalent Asset Situation Indicator (ISPE)** of the student's family unit as at the date of the student's application. Students applying for financial aid to access higher education **for the year 2022** must have:

⁴ Prime Minister's Decree no. 159 dated December 5th, 2013, as modified by Law 89/2016, and with decrees issued by the Ministry of Labour and Social Affairs dated November 7th, 2014 and December 29th, 2015, D.M. 146 of 1 June 2016 and D.M. 138 of 13 April 2017, Legislative Decree 15 September 2017, n. 147, D.L. 28 January 2019, n. 4 converted with L. 28 March 2019, n. 26, decree-law 30 April 2019, n. 34 coordinated with the conversion law no. 58, decree-law 3 September 2019, n. 101, coordinated with the conversion law 2 November 2019, n. 128; D.M. August 9 2019 (published in the Official Gazette no. 233 of 4 October 2019) implementing article 10 of the Legislative Decree of 15 September 2017, n. 147 on pre-filled ISEE certification.

- **ISEE UNI 2022 \leq € 24,335.11**
an equivalent financial situation indicator issued for assessing access to services and benefits made available to support the right to higher education (ISEE UNI) that **DOES NOT EXCEED** € 24,335.11
- **ISPE UNI 2022 \leq € 52,902.43**
an equivalent asset situation indicator (ISPE = ISP of the family unit \div equivalence scale coefficient) that **DOES NOT EXCEED** € 52,902.43

The ISEE UNI and ISPE UNI must be both fulfilled; if one of the two indicators exceeds, the students do not meet the income-based requirement.

3.2.1 STUDENTS WITH INCOME AND ASSETS IN ITALY

The values of these indicators (ISEE UNI, ISP, and the equivalence coefficient) are found in the ISEE UNI 2022 statement that is issued by the INPS (Istituto Nazionale Previdenza Sociale) within 7-10 business days following submission of the DSU (Dichiarazione Sostitutiva Unica) statement, completed and containing all the information needed to calculate the indicator for assessing access to benefits and services made available to support the right to higher education.

In order to apply to EDiSU for a college placement at a reduced rate and be included in the "primary" ranking list, Italian or foreign students residing in Italy, with income and assets in Italy must apply to INPS, directly or through CAF, by and no later than Friday August 12th, 2022, the ISEE 2022 Certificate for the ISEE UNI statement, by completing and submitting the DSU.

To prove the request to INPS no later than August 12th, 2022, the protocol issued following the presentation of the Single Substitute Declaration (DSU) will be valid.

EDiSU, with the student's authorization when completing the online application for the benefit request, will take from the INPS ISEE database the latest ISEE 2022 Certificate issued in the name of the student requesting the benefit (research carried out on the basis of the Tax Code of the student) and requested no later than August 12th, 2022.

Failure to submit the request to INPS for the issuance of the ISEE 2022 Certificate by August 12th, 2022 entails the inclusion of the student in the supplementary ranking referred to in art. 10 of this call for applications.

To fill in and submit a DSU, students can contact the INPS directly (either by going to their local offices or via the INPS website www.inps.it using their "PIN dispositivo" code) or go to one of several Tax Assistance Centres (CAF)

The data on **income** and **assets** used for the (DSU) and the ISEE **statement refer to the two previous calendar years (therefore 2020 for the ISEE 2022 Statement)**.

In some situations, in the presence of adverse events (for example, the loss of a job, the interruption of a social security, welfare and indemnity treatment) or a significant variation in the income of the household (over 25 percent), these incomes do not reflect the real economic

situation of the family unit. The possibility is therefore given to submit a **CURRENT ISEE⁵** by and no later than Friday August 12th, 2022.

The student, within his/her User Profile "Servizi on-line allo studente" on the EDiSU Pavia website (www.edisu.pv.it), will be able to view in real time the ISEE 2022 Certificate considered for the requested benefit.

It is responsibility of the student to ensure that the ISEE UNI 2022 statement submitted to EDiSU:

- contains the value of the **indicator necessary to assess access to benefits and services made available to support the right to higher education (ISEE UNI) or is a CURRENT ISEE. In drawing up the final ranking list, EDiSU will not consider valid any indicators referring to the ordinary ISEE.**
as per art.10 of the present Call for Applications.
- **does not contain notices referring to missing data or any discrepancies** detected by the INPS upon comparing the information declared in the DSU with the information contained in the INPS and Income Revenue Authority databases (tax administration IT systems, archive of relations with financial operators). **In drawing the final ranking list, EDiSU will not hold valid ISEE UNI statements containing notifications of missing or inconsistent data.** Students with non-compliant ISEE indicators will be placed in the supplementary ranking unless requested, no later than the established deadlines for the presentation of revision requests, the issue of a new ISEE 2022 certification for the right to university study and the same, available before the approval of the final ranking, complies with the provisions of the call for applications.

Only in the case of non-compliant ISEE certifications, EDiSU will automatically proceed to extract the new ISEE certificate from the INPS ISEE database and will use it for the purpose of assessing the student's economic condition.

Students with an ISEE 2022 certification for the right to university study with annotations can be submitted to EDiSU, no later than the deadline for submission of requests for revision and in the alternative / alternative to the request to INPS for the issue of a new ISEE Attestation correct suitable documentation to demonstrate completeness and the truthfulness of the data indicated in the DSU (Single Substitute Declaration). EDiSU for the carrying out of checks on the supplementary documentation may be made use of the subjects in charge of tax audits.

The student's family unit

The family unit considered in determining the student's financial status is the one declared when submitting the DSU. For the purpose of calculating the Equivalent Economic Situation Indicator for University Use (ISEE UNI), the family unit of the student attending university whilst residing with his/her parents, is the one made up of those members registered in the civil registry, as shown on the Family Status certificate, pursuant to art. 3 of the Prime Minister's Decree no. 159 dated

⁵ The current ISEE is calculate referring to the income of the last twelve months prior to the period for which the application relates. The students who have already calculated a ISEE2021 can request a current ISEE which has a validity of six months from the signing of the DSU of the current ISEE. It is necessary to update it if during the period of validity occur changes in the employment situation or in the healthcare allowances, social security benefits and other indemnities. In this case the valid current ISEE must be updated within two months from the change occurred.

December 5th, 2013 and declared when submitting the DSU.⁶

If the student does not live with his/her parents but is not “independent” (i.e. is not financially autonomous as defined below), for the purpose of calculating the Equivalent Economic Situation Indicator for University Use (ISEE UNI) he/she must be considered a member of his/her parents’ family unit.⁷

If the parents of the student applying for a scholarship do not live together, for the purpose of calculating the Equivalent Economic Situation Indicator for University Use (ISEE UNI) they are nevertheless members of the same family unit, except in the cases mentioned in art. 3, paragraph 3 of the Prime Minister’s Decree 159/2013 if they are married, or in those cases referred to in art. 7, paragraph 1 of the same decree if they are not married.⁸

Family unit of the PhD student

For the purpose of calculating the Equivalent Economic Situation Indicator for University Use (ISEE UNI), the family unit of the person applying for benefits for doctoral research is based solely on the applicant, his/her spouse, his/her children, both underage and of age (if the student supports them financially), even if they do not live together (“limited unit”): without other persons

⁶ For example, as at the date of submission of the application the family unit is made up of:

- the student applying for a scholarship;
- the parents of the student applying for a scholarship – if married and not legally separated or divorced, or if not married but cohabiting – and any other children legally in their care, even if not included in the Family Status certificate;
- the parent that receives the student’ s support check, in case of divorce or separation, or the parent financially supporting the student in the year in which the income considered was made (and any other persons included in the parent’ s Family Status certificate);
- all persons included in the Family Status certificate of the student upon submission of application, even in the absence of family ties. The only exception is in the case of students that are of age, unmarried and without children, financially supported by their parents 100%, with the latter being outside of the student’ s registered family unit;
- any underage children given in pre-adoption custody to the student’ s parents upon submission of application.

⁷ The university student not living with his/her parents and not “independent” (i.e. not financially autonomous), if married, for the purpose of the ISEE UNI calculation, will refer to the new family unit formed with the spouse, if the requirements for “independent student” stated in the present Call for Applications are met, taking the spouse’ s income into consideration as well. Otherwise, the student will have to be included in the family unit of his family of origin (parents), without the inclusion of his/her spouse.

⁸ The parent of the student applying for a scholarship who does not reside with the student, is not married with the other parent, and has legally recognised his/her son/daughter, is never included in the family unit of reference of the ISEE UNI statement:

- a. when he/she has been relieved of parental responsibility or has been ordered to stay away from the family home (Civil Code art. 333);
- b. when he/she is obliged by a judicial authority to pay maintenance checks to the student;
- c. when it is ascertained “by a court or by the competent public authority in matters concerning social services that there are no financial and emotional ties” existing between the parent and the student.

In case none of the situations described above (a - c) applies, the parent not living with the student’ s family unit of reference and not married to the other parent is considered an “additional” component of the student’ s family unit of reference if:

- d. he/she is married to a person other than the other parent and/or
- e. he/she has children resulting from a relationship with a person other than the other parent;

otherwise (if none of the situations a - e apply) the parent that does not live with the student and isn’ t married is aggregated (considered “in full”) as member of the student’ s family unit of reference.

officially residing with the student), *or*, should it be of greater advantage to the applicant, the family unit structured according to ordinary regulations pursuant art. 3 of the Prime Minister's Decree no. 159 dated December 5th, 2013 (all persons included in the Family Status certificate as by the submission date of the DSU).

Independent student

For the purpose of evaluating the financial status and calculating the ISEE UNI, the student qualifies as "independent" (lives alone, can support himself/herself) if both of the following requirements are met:

- **domicile**, as resulting from the civil registry, outside of his/her parents' household for a period of at least **two years** prior to the date of submission of the application and in a lodging not owned by a member of his/her original family unit;
- **personal income** deriving from employment or similar, provided that the student is not employed by a family member, and that **income has been declared at least for the past two years** in the student's tax return and amounts to at least € **9,000.00** yearly.

In case the abovementioned requirements are not **both** met - and duly documented for all the years of reference, upon request of EDiSU - it will not be possible for the applicant to qualify as "independent student" and he/she will be included in the Supplementary Ranking List (art. 10). The student's status may be reviewed if by the established deadlines for submitting requests for review he/she transmits to INPS a new ISEE UNI 2022 protocol number referring to the family unit of reference in order to be able to access those benefits and services made available to support the right to higher education.

The status of independent student is applicable even to legally married students or students in a "de facto cohabitation" regime (art. 1, paragraph 36, of Law 76/2016) registered with the Municipality of residence: in this case the minimum income of € 9,000.00 refers to the total income, including that of the spouse/de facto cohabitant.

**3.2.2 EVALUATION OF THE FINANCIAL STATUS OF STUDENTS WITH
INCOME AND ASSETS OVERSEAS (foreign students whose family unit resides
abroad or Italian students residing abroad)**

As stated in art. 8, paragraph 5 of the Prime Minister's Decree no. 159 dated December 5th, 2013 and in application of art. 5, paragraph 7 of the Prime Minister's Decree issued on April 9th, 2001, **the financial status of foreign students whose family unit resides abroad or of Italian students residing abroad is determined by the Equivalent Economic Situation Indicator abroad statement** calculated as the sum of overseas **income** of each member of the family unit and 20% of the **assets** (movable and non-movable) owned by each component, and relating this result to the equivalence scale coefficient determined by the number of members of the family unit of reference.

Pursuant to Presidential Decree no. 31 issued on August 31st, 1999, evaluation of the financial and assets status of foreign students whose family unit resides abroad, as well as of Italian students residing abroad, is based on the average exchange rate of the year of reference⁹ adjusted to the value of the average national income with purchasing power being equal¹⁰, similarly to how the

⁹ The average exchange rate is not applicable to students with income and assets in EU member countries within the Euro Zone.

¹⁰ The adjustment is made by applying the correction factor described in Attachment B of the present Call for Applications.

Correction factor values are shown in the chart attached to the present Call for Applications. The information provided at point 3.2.1 concerning the identification of the family unit of a university or PhD student, as well as the status of “independent” student, hold true for students with income and assets located overseas as well.

 **All foreign students whose family unit is abroad and Italian students residing abroad, in order to allow EDiSU to calculate their ISEE equivalent, must submit original documents stating officially:**

- the composition of the family unit of origin, including the student, the family unit and any person officially residing with the family unit;
- the gross income received abroad in 2021 by each member of age of the family unit or an unemployment statement referring to 2021;
- any buildings owned abroad by each member of the family unit as at December 31st, 2021, including surface measurement in square meters, or a document stating that no member of the family unit owns any building at all;
- financial assets (bank balance, shares, bonds...) owned by each member of age of the family unit as at December 31st, 2021.

 **The abovementioned documents must be issued by competent Authorities in the country in which the income was made and in which any buildings and financial assets are owned, legalised¹¹ by the Italian Diplomatic Authorities acting in that country, together with an Italian translation certified by the same Authorities. For countries that are members of the Hague Convention of October 5th, 1961, authentication can be performed by using an apostille.**

For those countries where it is particularly difficult to have documents certified by a local Italian Embassy, as an alternative, a Certificate issued by a Diplomatic or Consular officer representing in Italy the country in which the income and assets are owned, drawn up in Italian and legalised¹² by a Prefecture in accordance with art. 33 of Presidential Decree no. 445 dated December 28th, 2000 can be submitted.

The Certificate issued by the Diplomatic or Consular officer in Italy must expressly refer to the documents originally issued in the country of origin and must include:

- the composition of the family unit of origin, including the student, the family unit and any person officially residing with the family unit;
- the gross income received abroad in 2021 by each member of age of the family unit or an unemployment statement referring to 2021;

¹¹ Legalization of signatures is not necessary for documents issued by administrative authorities of the following countries: Belgium, Denmark, France, Ireland, Latvia (Brussels Convention, May 25, 1987), Germany (Rome Convention, June 7, 1969), Hungary (Budapest Convention, May 26, 1977).

¹² Legalization of signatures is not necessary for documents issued by foreign diplomatic or consular authorities in Italy for the following member states adhering to the London Convention of June 7th, 1968 or to the Brussels Convention of May 25th, 1987: Austria, Belgium, Cyprus, Denmark, Estonia, France, Germany, Great Britain, Greece, Ireland, Latvia, Liechtenstein, Luxembourg, Moldavia, Norway, Holland, Poland, Portugal, Czech Republic, Romania, Spain, Sweden, Switzerland, Turkey.

- any buildings owned abroad by each member of the family unit as at December 31st, 2021, including surface measurement in square meters, or a document stating that no member of the family unit owns any building at all;
- financial assets (bank balance, shares, bonds...) owned by each member of age of the family unit as at December 31st, 2021.

 **In NO case whatsoever will any form of self-certification, substitute statement, affidavit or sworn declaration referring to income and/or assets abroad be accepted; if any of these be submitted, they will not be taken into consideration.**

If the student does not live together with his / her parents residing abroad but is not "independent" (that is, he / she does not have economic autonomy, as specified in the paragraph "Independent Student" of the previous article), for the purposes of calculating the ISEE UNI he/she must be considered as part of the family unit of origin and must therefore present foreign documentation relating to the family of reference.

For **foreign students coming from particularly poor countries** (specified in Ministerial Decree no. 1455 dated June 9th, 2017 issued by the MIUR in agreement with the Minister of Foreign Affairs), evaluation of their financial status is performed based on a statement issued by an Italian consular agent in the country of origin, or by Diplomatic Authorities of the country of origin in Italy, certifying that the student does not belong to a family with notoriously high income and social status. This certification can be issued even by the university previously attended by the student abroad, if linked through agreements or contracts to Italian universities, or by Italian bodies authorised to guarantee financial coverage pursuant to regulations in force concerning the enrolment of foreign students in Italian universities. In the latter case, the certifying Body undertakes to cover College fees on behalf of the student if the student should fail to do so.

Students holding the status of stateless person or political refugee are treated as Italian citizens and, for the purpose of evaluating their financial condition, are exempt from submitting statements issued by Embassies and Consulates, because the only elements that will be considered are any income and assets possessed in Italy, which must be certified in the same manner as for Italian students (ISEE UNI statement).

The stateless person or political refugee status must be substantiated by evidence provided by applicants through official documents in their possession issued by, respectively, the Civil Court for stateless students and a special Committee created within the Ministry of Internal Affairs for political refugees. These documents must be attached (uploaded) in electronic document format to the online application and later handed in at the EDiSU help desk.

In any case, any income made abroad and declared by foreign students must amount to no less than € 6,085,30 (annual social allowance amount 2022) which is the established minimum amount of resources required for supporting oneself. The existence of the abovementioned resources must be proved in order to request a visa to enter Italy for study purposes. This amount represents the threshold for evaluating if financial requirements are met.

 **NB**

- The foreign student residing with his/her family in Italy, without income or assets overseas, must submit only the ISEE UNI 2022 statement.

EDiSU
ENTE PER IL DIRITTO ALLO STUDIO UNIVERSITARIO

- The foreign student whose family is entirely or in part abroad and who owns income and/or assets in Italy as well (even if he/she has only a bank account in Italy), besides the required foreign documents in original copy, will also have to submit an ISEE UNI 2022 statement in that, according to the Prime Minister's Decree no. 159 dated December 5th, 2013, he/she is in any case obliged to declare any income or assets owned in Italy through an ISEE UNI statement.

The uploaded documents

must be clearly legible.

For all students

Failure to include in the application any data required for the purpose of verifying the fulfilment of merit requirements prescribed by the present Call for Applications entails exclusion from the assignment of a college placement.

Failure to include any data required for verifying the fulfilment of income requirements or submission of incorrect data (e.g. submitting an ISEE UNI 2022 statement with an incorrect INPS protocol number) **and/or failure to present the original foreign documents** (as stated in article 3.2.2) entails placement in the “Supplementary Ranking List”.

All students are supposed to promptly inform EDiSU in written form if any changes occur following the date of submission of their application (transfer to another University, start of employment, impossibility to continue one’s studies, withdrawal from enrolment, change in marital status, change in financial status, benefiting from another unaccruable scholarship, etc.).

5. CRITERIA BY WHICH SCORES ARE ATTRIBUTED AND THE RANKING LIST IS FORMED

Placements will be assigned in the amount in which they will become available based on a ranking list drawn up according to the following criteria:

a) Students enrolled in the first year of any course

The formation of the ranking list is based on the **ISEE for University Use (ISEE UNI) 2022 statement** referring to the student’s family unit scaled to the ISEE limit of € **24,335.11** for a maximum of 1000 points assigned through the following formula:

$$\left\{ 1 - \frac{\text{I.S.E.E. for University Use}}{24,335.11} \right\} \times 1.000$$

b) Students enrolled in the second or a subsequent year of all courses

Positioning in the ranking list depends on the total score resulting from the sum of the score based on the number of credits achieved by **August 10th, 2022** and the score determined by the student’s average exam marks, shown from the highest to the lowest. The total number of assignable points is 1000, distributed in the following way:

- 600 based on the number of credits attained,
- 400 based on the average mark (weighted average) of the exams the student has passed.

Please note that in order to calculate the weighted average it is necessary to multiply each mark obtained (expressed in thirtieths) by the value in terms of credits (CFU) earned upon passing the exam. The sum of these results is then divided by the overall number of credits considered. Exams/credits not expressed in thirtieths cannot therefore be considered. The “30 e lode” mark is counted as 30.

EDiSU
ENTE PER IL DIRITTO ALLO STUDIO UNIVERSITARIO
PAVIA

It is responsibility of the student to ascertain that his/her Student Booklet, which can be accessed through his/her Personal Area (*Area Riservata*) of the University of Pavia website, contains records of each and every exam the student has passed (those included in the most recently approved study plan). It is likewise responsibility of the student, and in his own interests, to notify EDiSU if, when the provisional ranking list is issued, there are any missing records or cases of “pending approval”.

Method by which the merit-based score is determined

The score based on *credits* earned by **August 10th, 2022** for completing courses implemented in compliance with Ministerial Decree 270/2004 is calculated using the following formula:

$$(\text{Student credits} - \text{Minimum credits}) \times \frac{600}{(\text{Maximum credits} - \text{Minimum credits})}$$

N.B. The above “Student credits” are the credits earned by the student not counting the bonus which, nevertheless, is necessary to make up the difference between the minimum credits required and those actually earned to be considered eligible.

The score based on the **average mark** (weighted average) of exams the student has passed is calculated using the following formula:

$$(\text{Student average mark} - \text{Minimum mark}) \times \frac{400}{(\text{Maximum mark} - \text{Minimum mark})}$$

Drawing up the ranking list

Positioning within the ranking list depends on the score attributed to the applicant, shown from the highest to the lowest and determined by income and merit criteria.

Scores being equal, the student who is enrolled in a higher-level course will rank higher and then the student enrolled in the more advanced year of his/her course. In case there is still a tie, the final mark of the applicant’s high school qualification will be considered, and finally the applicant’s age, with the younger applicant ranking higher.

Students with disabilities having a level of disability of or above 66% take precedence over other candidates in the assignment of college placements and particularly, upon request, at the “Collegio Volta” and “Collegio del Maino”, where adequately equipped rooms featuring domotics are available.

6. CRITERIA BY WHICH PLACEMENTS IN CAIROLI AND VOLTA COLLEGES ARE ASSIGNED

Students can compete for a placement in Collegio Cairoli (male students only) or in Collegio Volta (mixed students) only if:

- 1) when filling in the online application they indicate one of the above-mentioned Colleges as their first choice (marking with the number one =1);
and also
- 2) they result eligible in the ranking list for a College placement according to the criteria established in article 5;
- 3) they undertake to sign the College's academic services agreement/*offerta formativa* if they are assigned a room in one of these Colleges;
- 4) (if enrolled for the 2022/2023 academic year in second or a subsequent year of all courses) an average mark greater than or equal to the one indicated in art. 4, paragraph 1, point IX, of the Prime Minister's Decree no. 672 dated September 8th, 2016.

Further selective and merit-based criteria will be applied to the above mentioned students along with those prescribed by article 5 of the present Call for Applications.

For this reason students must peremptorily have an **interview** with the Dean of the College (which can take place even via skype). The interview may be replaced with a questionnaire (using the e-mail address provided by the student) which must be returned to the Dean within the given deadline. Failure to go through with the interview or to return the completed questionnaire within the given deadline will result in the inability to evaluate the student according to the entrance requirements of Collegio Cairoli and Collegio Volta. It is understood that these students can still compete for the assignment of a placement in another college managed by Edisu Pavia.

Students applying for Collegio Cairoli or Collegio Volta will be assigned an additional score of

up to 2000 points based, depending on the type of student, on the following criteria of selection:

a) students enrolled in the first year of any course

To the points (expressed in thousandths) calculated by applying article 5 point A of the present Call for Applications, will be added:

- a maximum of 1000 points based on the mark obtained on diploma or degree required by the course that the student intend to attend in the 2022/2023 academic year (e.g. High school diploma for BA or BA + MA single cycle course)
- a maximum of 1000 points assigned by the Dean based on the interview/questionnaire

b) student enrolled in second or a subsequent year of all courses

To the points (expressed in thousandths) calculated by applying article 5 point A of the present Call for Applications, will be added:

- a maximum of 1000 points based on the ISEE UNI 2022 value
- a maximum of 1000 points assigned by the Dean based on the interview/questionnaire

Based on the new score obtained, students will be assigned to these Colleges according to room availability for the 2022/2023 academic year.

7. PUBLICATION OF THE RANKING LISTS

The provisional “PRIMARY” and “SUPPLEMENTARY RANKING LISTS” (the ranking lists concerning placements in Pavia are distinct from those concerning placements in Cremona, and the EU-students are distinct from non-EU students) will be made public by **September 2nd, 2022**.

The ranking lists will be posted on the “Online Student Services” area only for students who participate in the competition.

To query the results of the ranking lists, the student can submit a request to review the ranking list to EDiSU in the “Online Student Services” area/“Ranking results” by and not later than of September 5th, 2022. The request must be submitted online only.

The request must refer to any possible incorrect assessments made by the competent EDiSU office and must be motivated and accompanied, under penalty of inadmissibility, by adequate documents legitimizing the reason put forward.

As already indicated in art. 3.2.1 of this announcement, students in the ranking provisional were excluded as in possession of a non-compliant ISEE 2022 (in case of: ISEE not valid for the right to university study for the applicant student, ISEE with annotations, ISEE that demonstrates the lack of income requirements of "student independent ") must NOT submit a request for review but must request, no later than 3 days from the publication of the provisional rankings, the issue of a new ISEE 2022 Certification for the right to university study in compliance with the provisions of the announcement. EDiSU will automatically proceed to extract from the INPS database, alone replacement of non-compliant ISEE 2022 Certifications, the new ISEE Certifications requested within the terms for the presentation of the requests for review, and in any case available before the approval of the final ranking, and will use them for evaluation purposes the student's financial condition. If they are still non-compliant, the student will be automatically included in the "supplementary" ranking.

Within the given deadline for presenting requests for review the student held to submit “foreign documents” (art. 3.2.2 of the present Call) can perfect/complete the “foreign documents” previously submitted in original copy to EDiSU by August 12th, 2022 which were found to be incomplete/incorrect.

The outcome of the request for review of the provisional ranking lists will be announced to the interested parties directly in the "Student online services"/"Ranking results" section and, if accepted, will produce effects in the final ranking.

The final ranking list will be made public by September 8th, 2022 in the "Online Student Services" area only for students who participate in the competition.

For students included in the "supplementary" ranking as eligible for admission to college and also requesting a scholarship for the academic year 2022/2023 it will be possible to review the financial situation within the deadlines set by the Call for scholarship applications for the 2022/2023 a.y.; any new financial condition will be considered valid in order to determine the income bracket and therefore to define the amount of the college fee.

The final decision to not assign a scholarship can be queried by addressing the authoritative bodies (TAR, Council of State) within the terms stated under current laws.

ENTE PER IL DIRITTO ALLO STUDIO UNIVERSITARIO
PAVIA

 NB: STUDENTS INCLUDED IN THE RANKING LISTS AS ELIGIBLE FOR ADMISSION TO COLLEGE DO NOT AUTOMATICALLY OBTAIN THE ADMISSION.

Resulting eligible in the ranking lists means that the student fulfills the criteria requested for being contacted for the assignment of a place (see articles 8 and 18).

8. CRITERIA BY WHICH COLLEGE PLACEMENTS ARE ASSIGNED

PLACEMENTS WILL BE ASSIGNED starting from Monday SEPTEMBER 12th, 2022.

Placements in EDiSU colleges in Pavia (with the exception of Collegio Cairoli and Collegio Volta) will be assigned respecting the reserved placements as specified in the following article 18 and taking into consideration, whenever possible, the preferences expressed by candidates appearing in the ranking list and, in any case, depending on availability.

Eligible students interested in accessing the “Quartier Novo” hall of residence in Cremona (where the department of Musicology and Cultural Heritage of the University of Pavia is located), will be assigned to this residential unit only to the extent of availability.

Full rate Admission to the “Collegio Quartier Novo” can be sought also by students enrolled in courses held in the branch locations of the *Politecnico di Milano*, the *Università del Sacro Cuore* and the *Università degli Studi di Brescia* by submitting an application to the Administration of the hall of residence for the assignment of any placements still available after re-confirmation and admission of those students to whom college placement is awarded through the present Call for Applications.

The assignment of residential placements to non-EU foreign students takes place in accordance with regional regulations as referred to in Decree of the General Director of Education, Training and Labour no. 21650 dated November 13th, 2002. Therefore residential placements will be assigned to non-EU foreign students in compliance with a **proportion between EU and non-EU students**.

9. ASSIGNMENT AND ACCEPTANCE OF COLLEGE PLACEMENT

Students deemed eligible to access the Edisu colleges and automatically assigned to one of the colleges will receive a communication announcing their admission, the name of the college they have been assigned and the rules that discipline conduct in that college.

By that same communication the student will also be informed of the deadline (within 2 days) by which he/she will have to send a written statement declaring:

- acceptance of said placement for the entire academic year in the college to which he/she has been assigned. The acceptance is valid only if the student will prove the payment of a confirmatory deposit of 250,00€ via bank transfer (transfer receipt must also be submitted);
- acceptance of all the rules of conduct in that college.

Failure to accept placement, along with the proof of payment of 250,00 € within the deadline given in the abovementioned communication, will constitute, to all intents and purposes, formal renunciation of placement in any EDiSU college.

The payment of the deposit will be required only after the results of the entry test for the students who will accept the placement but whose enrolment for the 2022/2023 academic year is subject to an admission test at national/local level.

Edisu reserves the right to request a declaration on the vaccination situation at the time of admission to the college.

10. SUPPLEMENTARY RANKING LIST

In the event that all applicants entitled to college placement at reduced fees (1st, 2nd and 3rd income tiers) listed in the “PRIMARY RANKING LIST” be assigned to a college, **if there still be placements available**, these can be assigned to applicants listed in the “SUPPLEMENTARY RANKING LIST”.

Students included in the supplementary ranking list, should they be assigned a college placement, will be required to pay an **annual fee equal to that established for students in the fourth income tier**. (see art. 12,13).

11. ANNUAL RE-CONFIRMATION OF COLLEGE PLACEMENT

All College placements are assigned for one academic year and can be confirmed year by year for the entire official duration of the course of study only on the condition that:

1. the student **continues to meet the merit requirements stated in Attachment A** of the present Call for Applications, which can always be viewed on the EDiSU website and in the Bursar’s Office of each College.

These requirements can be achieved by using, if necessary, also the bonus points (available / residual bonus points, indicated in the previous art. 3.1.2);

2. **the student is on time in the payment of the College fees relative to the academic year underway.**

Students enrolled in the first year of a Master’s degree course (*laurea magistrale*) “**on condition**” will have to complete enrolment by the terms and conditions prescribed by current regulations of the University of Pavia.

In regard to merit-based requirements and steadiness in academic progress, a waiver may be allowed only in the case the student was unable to regularly attend to his/her studies due to serious health or family issues, duly documented, or to the fact that he/she took part in university programmes abroad. In this case students must submit a request, duly documented, when they submit the re-confirmation application.

12. INCOME TIERS

The student must pay a fee, calculated in proportion to the ISEE UNI value, which differs according to three different income tiers.

The college fee is equal to the current average cost for students whose income lies below the third tier and is subject to a differentiated discount rate for students whose income lies in the first, second and third tier.

The income thresholds for 2022/2023 academic year are as follows:

INCOME TIERS	ISEE UNI value
1 st tier	up to €12.167,56
2 nd tier	up to €16.223,41
3 rd tier	up to €24.335,11

College fees are to be paid in advance in three installments:

- the first installment (700,00 €) has to be paid by December 31st, 2022;
- the second installment has to be paid at the latest by March 31st, 2023;
- the third installment has to be paid at the latest by June 30th, 2023.

¹³ The fees shown in this column refer to the Cairoli, Cardano, Castiglioni Brugnatelli, Fraccaro, Griziotti, Spallanzani, and Valla Colleges.

EDiSU
ENTE PER IL DIRITTO ALLO STUDIO UNIVERSITARIO
PAVIA

Failure to pay the abovementioned installments after more than two (2) months entails the withdrawal of the placement assigned, the deduction of any amount paid and the payment of a fine in accordance with art. 14 of the present Call. The student must also clear out the room within one (1) month from receiving the “annulment decree/ *decreto di revoca allo studente*” (at the student’s University e-mail address).

Students, when accepting the college placement assigned to them, will have to pay Edisu a confirmatory deposit of 250 € via bank transfer. Upon entering the college and after the payment of the first installment, this sum (250 €) will be retained as a security deposit to cover any damage caused even collectively. In the event that the security deposit be depleted, it will have to be newly paid. Any remaining amount will be refunded at the end of the student’s stay.

IMPORTANT: for scholarship beneficiaries who qualify as “off-site” (“fuori sede”) students

Students who are scholarship beneficiaries for the 2022/2023 academic year and who qualify as “off-site” students can benefit from **free College placement**, since in this case a **flat-rate deduction will be made from the total sum provided by the scholarship**, as defined by the Lombardy Region in implementing article 9, paragraph 5 of Prime Minister’s Decree dated April 9th, 2001, **to cover college fees**.

For this reason, the students benefiting from the scholarship for the academic year 2022/2023 as “off-site”:

- if enrolled in years subsequent to the first are not required to pay the 3 installments of the college fee;
- if enrolled in the first year of all courses are suspended from the payment of the 3 installments of college fee pending the achievement, no later than 30 November 2023, of the number of credits stated in Attachment B of the Call for scholarship applications. Failure to achieve the number of credits required by 30 November 2023 will result in the withdrawal of the scholarship benefit and the consequent payment of the entire college fee.

IMPORTANT: for scholarship beneficiaries staying at an EDiSU College who qualify as “off-site” (“fuori sede”) students and who plan to take part in international mobility programmes during the 2022/2023 academic year

Students staying at an EDiSU College, benefiting from a scholarship in the 2022/2023 academic year as “off-site” students and planning to take part in international mobility programmes in the course of that same year, since they will not be occupying the college placement assigned to them for a period of at least 10 months, will receive the payment of their scholarship sum free from the flat-rate deduction normally applied to cover accommodation fees (because they will have to submit a statement certifying their participation in an international mobility programme for at least 10 months to be considered “off-site” student). These students will be personally in charge of paying for the period of time in which they actually use their lodging.

14. RENOUNCING COLLEGE PLACEMENT

The student who decides for personal reasons to renounce staying at the College by November 15th 2022, is required to pay according to the period of time actually spent at the college and the deposit will not be refunded. The deposit will be instead refunded to the student who leaves the college because of serious and proved health issues.

The student who decides to renounce staying at the college after November 15th 2022 is required to pay the entire fee for the 2022/2023 academic year.

15. SERVICES PROVIDED BY THE EDISU COLLEGES IN PAVIA

All the Colleges in Pavia are managed by a Dean (*Rettore*), a university professor often on the premises, who is in charge of managing the cultural and disciplinary aspects of college life and developing educational and training services, and promoting sports and recreational events among the students staying at College. Management of administrative and practical duties is carried out by a **Bursar** employed by EDiSU.

The Colleges offer an **integrated type of service**, yet diversified depending on the college. Students are therefore guaranteed the following:

- tutelage services and assistance in exam preparation;
- English language courses;
- educational/cultural activities in general;
- sports activities
- free wi-fi

Also available to students are a range of general community services (study halls, living rooms, libraries, sports facilities) designed to promote appropriate social interaction in everyday life within the residential unit. All Colleges offer bed linen supply, laundry service, and room cleaning. All colleges provide a safekeeping service, a reception desk, room cleaning and daily cleaning of the areas in common. A laundromat service (washing and drying machines) is also available to college guests.

Canteen service in Pavia:

the student attending courses in Pavia can benefit from meals in canteens managed by EDiSU or operated as concessions at a cost based on their income tier; access to the canteens must take place by presenting the QrCode generated through the EDiSU-Pavia.EAT App. Kitchens/kitchenettes are available in the colleges to allow students to prepare and consume their meals within the residential unit.

16. SERVICES AND TYPE OF ACCOMMODATION PROVIDED BY THE RESIDENCE HALL IN CREMONA

The *Collegio Quartier Novo* in Cremona is arranged in single and double rooms with bathroom. There are also 6 kitchens, a multi-purpose hall with vending machines and equipment for musical practice, a study hall, a laundromat and an area where bicycles can be kept.
